

DN-HP700

DJ Headphone

Premium
Heavy Bass & High Volume

Superb Audio Fidelity
Reinforced swivel joints

Cool Style
Foldable

Dynamic, Closed back design

When monitoring high levels of sound, the DJ can count on the DN-HP700 to deliver 1,700 mWatts of thumping power to each insulated and hermetically sealed ear cup.

40 mm Drivers

The DN-HP700 features high quality drivers to preserve superb audio fidelity even at high volumes and heavy bass.

Folding Design

The flexible joints allow you to fold the headphones to half their size for space-saving travel and protection.

Reinforced Swivel Joints

Failure in most other DJ headphones is their weak 90 degree swivel joints. The DN-HP700 features a unique 180 degree reinforced swivel joints for maximum comfort, flexibility and of course, to prevent from common breakage.

Dual Size H/P Connector

The HP700 comes equipped with a gold plated 1/4 adaptor (6.35mm) and is secured in place with its screw-on design. Once the adaptor is removed, the size becomes 1/8 (3.5mm) for use with portable media players.

Semi-Coiled soft Insulated Cord

Reinforced Cable Strain for high reliability

Real Stainless Steel Plate with DENON DJ Logo

Replaceable Ear Pads (optional)
